**The 19<sup>th</sup> Annual Celebrate! Architecture** is just around the corner ... so circle **Friday, April 20<sup>th</sup>** on your calendar. Early registration deadline is **Thursday, April 12<sup>th</sup>**.

We've assembled a compelling group of speakers, so join over 250 of your fellow architects and students from across the state at the Manship Theatre at Shaw Center for the Arts in downtown Baton Rouge. Our speakers will begin the morning session by presenting an overview of each of their firm's work. The afternoon session follows, and allows each speaker to delve deep into a single project; describing the inception, design process, and resolution. It promises to be a day of architectural inspiration, a chance to interact with colleagues, and have a little fun in the process at a great venue.
